Enter your promo code and click 'Apply'. If it says the code is invalid but it is correct, it means that it has reached its maximum number of uses. If you think that is wrong you should first speak to the person in your team that gave you the code, or alternatively you can email info@elcworks.co.uk and we can check it for you.

If you've applied the code correctly, it should change the amount to £0.00 and look like the below. You can then just select check out and enter the information requested.

If it doesn't go to £0.00 or you need help, please email info@elcworks.co.uk.
