Are you passionate about improving the experience of our NHS workforce?

NHS England

Join the People Promise Community of Practice

Our monthly Community of Practice is open to all colleagues and offers a space to connect, learn, and share ideas.

Each session focuses on themes from the People Promise and the 10-Year Health Plan, featuring speakers from NHS England and across the NHS who share successful programmes of work and insights.

We promote continuous learning through peer support, collaboration, and practical takeaways.

To join, email england.lookingafterourpeople@nhs.net.

Stay connected: You can also join our NHS Futures platform to access resources, connect with peers, and be part of our national People Promise network.
